1. Textbook: Meeker and Escobar (1998). Statistical Methods for Reliability Data. Wiley, N.Y.
2. Chapter 3: Exercises
 - (a) 3.4, 3.8, 3.10, 3.14;
 - (b) (3.12, 3.21), (3.19, 3.22), (3.11, 3.17).
3. Part (a): everyone hands in your own solutions to the problems.
4. Part (b): each group hands in a combined homework solutions to the first two sets of problems, where each member works out one problem in each set respectively. Those with three members in the group work out all three sets of problems, where each member works out one problem in two of the three sets.
